☐ Experimental ☐ Computational

Title of the project:

Project Description: (Briefly describe the background to the proposed research and the development of the hypothesis of your rotation project):

Please return this sheet to Cely Dean (cely.dean@uci.edu) by Friday, September 28, 2018
In addition, you are expected to provide a final report of your project, along with your ‘End of Quarter’ Form, by Wednesday, December 5, 2018. Any additional reports required by your faculty rotation sponsor should also be attached.
